

July 2, 2010

TO: Comcast

AT&T

TDS MetroCom

To Whom It May Concern:

As owners of the captioned property, we authorize your professional installers to install cable inside the captioned apartment. Wiring cannot be run in common areas (other than the basement) or along the exterior walls or thru or on any roofs. Wiring must be properly secured, hidden from view to the extent possible and installed in a professional manner.

Wiring not installed to the above specifications may be removed by the property owner or its agents and/or subcontractors without charge or liability.

If you have any questions, please contact Hillco Realty Management at 847-831-1045 or 847-275-1911.

Best Regards,

Larry Hillman
